

# DEVELOPING THE ROLE OF THE CIRCULAR BIOECONOMY

BIO-BASED AND BIODEGRADABLE  
INDUSTRIES ASSOCIATION

BIO-BASED AND BIODEGRADABLE  
INDUSTRIES ASSOCIATION

**The Bio-Based and Biodegradable Industries Association (BBIA) is the UK trade body for companies producing bio-based and biodegradable products.**

Our mission is to promote and develop the production and use of bio-based and biodegradable products in the UK; to unite people working in these industries and to develop partnerships with those who share our vision: to put the bioeconomy agenda at the centre of the political debate on sustainability and economic growth in the UK.

## BENEFITS OF MEMBERSHIP

Be part of a unified voice in front of UK and EU policy makers to encourage financial investments in the territory and improve media reach with coherent and reinforced messages.

- Share knowledge and experiences to help create a pro-sector environment
- Promotion and development of nationally and internationally recognised standards and certification programmes
- Sector groups
- Members' only website
- Monthly updates
- Promoting financial investments in our industries
- Media promotion
- Scientific research
- Market research
- Partnerships with relevant associations, political, financial and industrial actors
- Participation in relevant UK, EU and ISO standardisation activities
- Participation in conferences, seminars, industry and public events

## SHARE OUR VISION

**We welcome members from across the sector, with competitive membership fees to suit all stakeholders. Please visit our website [www.bbia.org.uk](http://www.bbia.org.uk) for more information and application forms, or contact us at:**

**BBIA, Peershaws, Berewyk Hall Court, Bures Road, White Colne. Essex. CO6 2QB**
