AGM Agenda Item 3d for consideration by members

Proposal for a change to membership fee category for SMEs

The Board of BBIA has discussed and decided to propose to the AGM a change to the membership category for SMEs. The proposal intends to stimulate membership of BBIA from among those companies that are start-ups or that have turnover below £500,000 annually.

This membership category is registered in the Statutes as Category E of the Ordinary Members and in the current Statutes applies to “ companies with annual turnover of less than £50,000 or active for less than three years and individual professionals active in the sector.

Category E members have no voting rights in General meetings nor appoint a member of the Board.”

The proposal to the AGM is therefore to change the wording £50,000 to £500,000 and to delete the wording “and individual professionals active in the sector”, in other words membership is only available to registered entities and not to single persons.

The membership fee becomes £1500 per year rather than the currently quoted £250.
